

CPI CITRA STRIP

CPI Citra Strip is an industrial strength cleaner/degreaser that removes most types of coatings and sealer from all concrete surfaces. CPI Citra Strip is non-flammable with very low odor making it a safe alternative to xylene based coating removers. Safe to use indoors.

Properties:

- *Type: non-flammable, water based coating remover
- *Color: light orange
- *Odor: slight citrus
- *Toxicity: harmful if swallowed
- *VOCs: <2lbs/gal
- *Flammability: non-flammable
- *Composition: Biodegradable surfactants, citrus terpenes and non-chlorinated solvents in aqueous base

Product Description:

CPI CITRA STRIP is a non-flammable cleaner/degreaser that removes sealers and coatings from concrete surfaces.

Application Instructions:

- *To remove sealer and concrete coatings, use full strength and apply a liberal coat and let penetrate for 5 to 20 minutes. Flush off coating with a pressure washer, being careful not to exceed 1500psi or concrete damage may occur.
- *To remove oil or grease, dilute 1:3 to 1:10 parts water depending on severity of contamination. Mop over surface and agitate lightly with a scrub brush or shop broom. Rinse area until no residue remains.

Storage and Disposal:

Store at temperature between 45°F – 90°F. Keep containers closed when not in use. Do not transfer contents to other container for storage or disposal. Do not reuse empty container, wash with water and discard in the appropriate manner.

Warning:

Harmful if swallowed. Irritant to eyes. Avoid lengthy or repeated skin contact.

Safety Precautions:

Wear protective clothing, respirator, chemical resistant safety glasses, and gloves at all time.

First Aid:

If ingested: drink two glasses of water and Get Medical Help.

If in eyes: Flush thoroughly with water for 15 minutes, lifting both eyelids. If irritation persists, Get Medical Help.

If on skin: Rinse off thoroughly with water then soap and water. If irritation develops, Get Medical Help. Wash contaminated clothing before reuse.
