

CPI GLUE REMOVER

CPI Glue Remover can be used on most types of floor substrates that have glue deposits, and where water can be used in the final rinse. It will not interfere with the adhesion of new glue or mastics, or the use of stains or sealers.

*CPI Super Prep is needed as a next step when staining or sealing your surface to remove imbedded contaminants left in the pores and properly prepare the surface.

Properties:

*Type: nonflammable, emulsifiable glue and mastic remover.

*Color: green

*Odor: pleasant

*Toxicity: harmful if swallowed

*VOCs: >160mg/L

*Flammability: nonflammable, non-combustible

*Composition: water soluble citrus solvents and non-chlorinated solvents in a biodegradable surfactant solution.

Product Description:

CPI Glue Remover is a safe, nonflammable water based glue and mastic remover that effectively softens and removes most types of carpet adhesives and similar glue deposits.

Application Instructions:

- 1.) Apply CPI Glue Remover full strength by spray, mop, brush, or pour directly on surface and spread with a broom to thoroughly cover and penetrate the glue. If using indoors, use good ventilation.
- 2.) Allow the product to soak for 20 to 45 minutes or until the glue can be easily becomes soft. Heavy accumulations may require a second application.
- 3.) Scrape off any glue and scrub area with acid brushes until glue is removed from surface.
- 4.) Flush with water until surface is clean and all contaminants and residues have been removed.
- 5.) If the area is going to be stained or sealed, **CPI Super Prep must be used** as a next step to remove any laitance and efflorescence present and to properly prepare your surface.

* See page 2 for all warnings, safety precautions, first aid, and limitations for this product.
