

CPI HOT STRIP

CPI Hot Strip is a powerful professional strength emulsifying solvent stripper for acrylic sealers and coatings. It will penetrate and soften the coatings allowing them to be scraped off or with emulsifying action the coatings can be scrubbed up with water and a stiff brush. CPI Hot Strip will also dissolve and emulsify heavy grease and greasy soil deposits. It is safe to use on concrete and stone surfaces.

Properties:

- Type: Heavy duty solvent type coating remover.
- Color: Straw
- Odor: Solvent
- Toxicity: Harmful if swallowed, use Good Ventilation
- Flammability: **Extremely Flammable**
- Composition: Biodegradable surfactants and non-chlorinated solvents

Product Description:

Hot Strip is a powerful professional strength solvent-based stripper that quickly dissolves and emulsifies acrylic sealers and coatings.

***HIGHLY FLAMMABLE!!**

Coverage:

Approximately 150 square foot per gallon, depending on coating type, temperature, humidity, and air movement.

Application Instructions:

Before you begin, turn off all pilot lights, flames or any arcing or sparking devices.

NO SMOKING!!!! NO OPEN FLAMES!!!!

- 1.) Apply CPI Hot Strip by pouring on your surface in small workable areas and spreading evenly with a squeegee or brush.
- 2.) Allow product to penetrate and soften the coating for at least 20 – 30 minutes.
- 3.) Add a small amount of water and scrub vigorously to emulsify and lift up the liquefied coating or scrape up remaining coating. Heavy coatings may take a second treatment.
***Mechanical buffers should never be used due to the highly flammable nature of this product.**
- 4.) Flush off the emulsified coat, rinse and mop, or vacuum up with a wet vac.
- 5.) Once thoroughly rinsed and cleaned, CPI Super Prep should be used to remove any imbedded material in the pores of the concrete and to properly prepare the surface for staining or sealing.

Storage and Disposal:

Store product in the original container, tightly closed. Store at temperatures between 45° F – 90° F. Do not store near heat sources or open flames or sparks. Do not transfer to other containers for storage. Rinse empty container with water and discard in appropriate manner. Empty containers may contain flammable fumes. Do not puncture, cut or weld as an explosive reaction can occur.

Warning:

Highly flammable. Do not use or store near open flames, sparks or other ignition sources. Contains petroleum distillates and oxygenated solvents. Harmful or fatal if swallowed. Avoid lengthy or repeated skin exposure.

Safety Precautions:

Wear protective clothing, respirator, chemical resistant safety glasses, and gloves at all time.

First Aid:

If Swallowed: Do not induce vomiting. Drink two glasses of water and Get Immediate Medical Attention.

If in eyes: Flush with quantities of water for 15 minutes, lifting both eyelids. Get Medical Help.

Inhalation: Move to fresh air immediately. Give oxygen if breathing is difficult. Get Medical Help.

On skin: Wash off with water then soap and water. Remove contaminated clothing and launder before reuse. If irritation develops, Get Medical Help.

Environmental Caution:

This product contains aromatic solvents (CAS# 6474294-5) that are toxic to fish and marine life. Do not use, spill, or store in a way that will allow product or residue to enter streams, lakes, or waterways where fish or marine life may be adversely affected.
