

### CPI ULTRA RELEASE

CPI Ultra Release is a highly purified aliphatic liquid release agent with high flash point and slower evaporation to allow for more open time, less labor, and much safer handling in interior areas.

#### Properties:

- Type: Ultra Pure solvent release agent.
- Color: Clear
- Odor: Bubble gum
- Toxicity: Low
- Flammability: Combustible
- Composition: Highly hydro-refined aliphatic solvent release agents

#### Product Description:

CPI Ultra Release is the low toxicity, safer liquid release agent that evaporates completely, leaving no residue. Excellent for interior applications.

#### Application Instructions:

1. Do not dilute release. Pour into a pump up sprayer and spray texture tools and the surface about to be stamped. Only spray an area you can stamp in a short period of time (within 10-15 minutes), CPI Ultra Release will evaporate and will have to be reapplied.
2. Periodically check texture tools and clean or reapply release as necessary.
3. Pour any leftover release back into original container and close lid tightly. Do not store release in sprayer, seals may be weakened by prolonged exposure. Allow all release to evaporate from tools before storing.
4. Allow CPI Ultra release to fully evaporate before applying stain, dye, curing, or sealing products.

**\*Do not attempt to float, trowel, or otherwise work the surface once the release is applied.**

#### Shelf Life:

About 1 year when stored in original, unopened containers 40°F – 90°F.

#### Storage:

Store in original container at temperatures between 40°F – 90°F.

#### Caution:

Contains hydro-refined petroleum distillates. Harmful if swallowed. Avoid prolonged skin contact.

#### Safety Precautions:

Wear protective clothing, respirator, chemical resistant safety glasses, and gloves at all time.

#### First Aid:

If ingested: do not induce vomiting. Drink two glasses of water and Get Immediate Medical Help.

If in eyes: flush thoroughly with water for 15 minutes, lifting both eyelids. If irritation persists Get Immediate Medical Help.

If inhaled: move to fresh air.

If on skin: rinse thoroughly with soap and water. Wash contaminated clothing before reuse.
