

### CPI STONE SHIELD

CPI STONE SHIELD is a clear, non-flammable surface guard that provides a breathable barrier for porous surfaces such as concrete, stone, tile, and marble . CPI Stone Shield is does not form a film on the surface. It penetrates to plug the pores of the surface and will not peel, flake or delaminate. Stone Shield is water and stain repellent, and reduces damage from freeze/thaw cycles.

#### Product Description:

CPI Stone Shield is a non film-forming water and stain guard for porous surfaces.

#### Properties

- Type: Non film-forming water/stain guard
- Color: Clear, non-yellowing
- Odor: Very Mild
- Toxicity: Non-toxic
- Flammability: Non-Flammable
- Composition: Silane/Siloxane Solution
